## Proposal Narrative Instructions

Please provide a brief description of activities proposed for Fall and Spring of the selected academic year, using the following outline:

- 1) A general purpose statement indicates the proposed working group's goals and objectives.
- 2) Explain how the proposed activities will support serious interdisciplinary academic research by faculty and graduate students and/or prepare graduate students for such research.
- 3) Identify three measurable learning objectives linked to the group's proposed activities. (An example would be the proposed activity of mini-workshops in which graduate students present their work in progress to teach others about the topic of their research while also getting feedback from their peers, faculty, and students outside their discipline. This ties in with the working group's program's overall goals of interdisciplinarity and collaboration.)
- 4) A tentative schedule of activities planned for each semester. (These should be evenly distributed between the UNC and Duke campuses.) For guest speakers, please provide as much detail as possible (i.e., name of guest, their affiliation, proposed date of visit, title of talk(s), description of other activities in which they would participate during their visit, co-sponsorship to be sought from other units, etc.). Please also include a copy of each guest speaker's *curriculum vitae* or short bio.
- 5) Plans for the promotion of activities among both university communities and the community at large.
- 6) Please provide the name (s), university/departmental affiliation, and contact info for the Graduate Student Coordinator(s) (this is required).

Please note that each Spring is the state-wide NC Conference on Latin American Studies. We strongly encourage all working groups to propose at least one panel or special session. If you plan to propose a panel or special session for the conference, please include some details in your working group proposal.

## Budget Request

Attach an itemized budget request, following the format of the attached Sample Budget.

Renewal of working groups funded previously requires submission of a **Report of activities** (attached)
